Dear Ms. Mancos:

Under cover of my letter of January 18, 1988, you received additional information from Danis Industries Corporation in response to U.S. EPA's April 20, 1987, request for information concerning the above referenced Superfund Site. That information included a sworn statement taken December 30, 1987, from Rodney D. Christian, a former Site Operations Manager at the Cardington Road Landfill (identified as Attachment V).

Please note that the copy of Mr. Christian's statement that you have received is not a final corrected version and, as a result, has not been signed by Mr. Christian. He is completing the review and correction process now. As soon as a final, signed version of the deposition is available, I will forward a copy to you to replace the draft copy now in your possession.

Please let me know if you have any questions, or would like additional information concerning this matter. Thank you for your cooperation.

Sincerely,

Steve Stanley
Director, Corporate Development
